## July Visit to Russia

“One hundred years from now, it will not matter what kind of car I drove, what kind of house I lived in, how much I had in my bank account, nor what my clothes looked like. But the world may be a little better because I was important in the life of a child.” -- Unknown

There were many wonderful opportunities on our recent trip to Russia that we will only be able to highlight in this letter.

The time at Restoration House was so valuable for relationship building with the guys and with our staff. We had a total of eight youth at the house. We took the guys swimming, fishing, to church, celebrated birthdays, had Bible studies, worked, played games and enjoyed each other's company. The ones who are staying more regularly at Restoration House are

advancing so much. The staff continues to grow in understanding the guys. Zhenia said that he has learned to really trust the guys at the house. He mentioned that if he leaves money or his phone laying around that they will bring it to him. That is a

really big step when you consider that most of these guys would steal in order to survive.

We also took time to visit the abandoned building where many of the guys and girls live.

The first thing that we saw arriving to the street kids was a rat

running from inside the building. These kids really live in horrible conditions that we cannot even begin to describe. We continue to offer them the opportunity for change in their lives, and more of them are beginning to trust us and desire change in their lives.

Vadik is doing awesome! We told him how well that he is doing and what a fine example he is to the others who come to the house. He responded, "Not always." He is so honest and has such an open heart to the Word of God.

We will give you more details about Vadik soon. We have some very exciting things to share with you and an opportunity for you to have a greater involvement in Vadik's future.

Olga K heads up a ministry to assist single mothers, most who have been living on the street and have no one to help them care for their children. We have been assisting the ministry with finances and other help as much as possible.

The cargo container that is being shipped to Russia will have baby clothes, pampers and baby blankets that are greatly needed in the work. We had an opportunity to visit the ladies and speak into their lives.

five years old and still going strong. She mentioned that she wanted to be sure to remain in contact with us because she wants us to come and celebrate her 100th birthday with her.

We were able to make repairs at the house, plan for a youth conference in Gatchina during our trip in September, further our plans

There were a few men from a nearby drug rehab that joined us for the teaching as well.

We also visited the Gatchina Youth Center for kids at risk. Alexander told us that he never imagined the success that they would have with the youth since we teamed up.

They have struggled to reach out to these youth with little success for several years. Alexander told us that they had only two or three each week until we got involved. Last month he said they had about two hundred who came. There were about twenty-four who were waiting the morning that we went to visit the work. They are so grateful for the help that you are providing them each month.

Our visit was filled with many opportunities for ministry including our long awaited return to Drujnaia Gorka. It was a wonderful reunion with Pastor Anna who is now seventy-

for the Leadership conference and make arrangements for distribution of goods that will arrive in the cargo container in just a few weeks.

There will be a professional video crew that will travel with us during our visit to Russia in September. They have taken an interest in our work and want to help by making a promotional DVD. They are doing this at their own expense and we thank God for the opportunity.

Families, churches, small groups and individuals have asked us to make a list of projects or needs for Restoration House and the outreach to Street Kids. Please let us know if you plan to finance any of these projects. Of course, we still need those who will finance the work of the ministry on a monthly basis no matter how large or small the gift might be.

### Gatchina Palace of Youth continued

Dear Micaiah Ministries,

It's such a blessing to read the monthly newsletters and read how our prayers and financial gifts can make such differences in the lives of all the young men and women like Luda. I have five boys of my own (all adults now) but have a special place in my heart for this ministry. Thank you, and God bless you for your wonderful ministry!

Prayerfully,  
Susanville, CA

You Came to New Life Center 2 months ago. I praise God for you both.

Stigler, OK

May God multiply His Blessings on your ministry. My heart hears the cries of children all over the world. The testimonies of the children are endearing to my heart.

Our time of Grace is growing closer to the end. We must all be diligent in our efforts to find the lost.

Shalom,  
Sulphur, OK

**Partners ARE making a difference!**

Dear Micaiah Ministries,

We are blessed to be able to sow this seed and our prayers into your ministry. We believe it is a wonderful work you are doing for the Lord.

As we sow this seed we would be grateful for your prayers for our children.

Thank you for your prayers. We agree with you that God shall supply all your need according to His riches in Glory by Christ Jesus (Phil. 4:19)

And we pray for many for lives to be changed with the love and mercy of Jesus that you demonstrate to the kids there in Russia.
